## The Peabody Institute of The Johns Hopkins University

The Peabody Institute is comprised of the Conservatory and the Preparatory, sharing facilities in the historical center of Baltimore. The Institute offers the resources and opportunities necessary for the complete development of its music and dance students in keeping with the philosophy of its founder George Peabody and the community spirit of the Preparatory’s founder May Garrettson Evans.

## The Peabody Preparatory

The Preparatory has a two-fold mission. It offers gifted children and adolescents the opportunity to realize their highest potential as leaders of the next generation of performing artists. In addition, it provides an education in music and dance to all members of the community who desire it, regardless of age, professional intention, or previous training. This dual mission is based upon the notion that every individual has the capacity for artistic expression at some appropriate level of understanding and skill.
