Crime Log case numbers do not run sequentially. Johns Hopkins University Corporate Security assigns a case number for all reportable								
activities, both crimin	al and non-criminal. Only	y case numbers gen	erated for crimii	nal activity are listed in the crime	log.			
Crimes are listed in ch	 	last 60 days. The m	ost recent crime	s are at the bottom of the last pag	 e.

A hard copy of the Cr	ime Log is available at the	e Campus Security	Department, Sha	piro House Basement, during nor	mal business hours (Monday –			
				on received from the Director of				
Office of Institutional Equity, or other University Administrators, who are defined by federal law as "Campus Security Authorities (CSA's)."								
These administrators share non-identifying information, with Corporate Security that is provided by the victim. In these incidents, the crime								
was reported directly to that CSA and not to Corporate Security, therefore, it is not always possible to provide information regarding the five								
areas typically covered in the Crime Log, i.e., Nature/Classification (Crime), Date/Time Reported, Date/Time Occurred, General Location								
and Disposition. Beca	and Disposition. Because an official report was not filed, the disposition will be "Closed- Referred to DSA/OIE" or "Closed-No Further							
Action." These incides	nts are reported to Corpo	rate Security for sta	atistical purpose	s and are posted to the Crime Log	7,			
Note: Incidents with a case number that start with "BPD" involve crimes reported directly to the Baltimore Police Department, not to								
Corporate Security. Because an official report was not filed with Corporate Security, the disposition will be "Closed-BPD Investigation."
