

Peabody Preparatory Dance Dress Code

Appearance Standards for All Dance Classes

- Hair should be secured away from the face and off the neck and forehead in a manner that does not require the student to adjust or fix it during class. For ballet classes, students with long hair should use a classical bun, or similar style, at the crown of the head. Hair too short for a ballet bun should be neatly pulled back away from the face and secured with a hair product, pins, clips, or a headband.
- Jewelry, elaborate hair accessories, long acrylic nails, and non-dance clothing are not permitted in classes. All students are expected to be in dress code for their specific level for each class.
- Dance specific warm-ups may be worn over dress code clothing at the beginning of classes, seasonally, or during transitions between different intensity classes, if the dancer feels cold. All warm-up garments must be solid black, athletic material, and form fitting. No other warm-ups will be permitted.
- Undergarments should not be visible under dance wear. Tights act as underwear and should be worn under the leotard. For maturing bodies, supportive undergarments, including a built-in shelf bra or dance belt, may be appropriate.
