Crime Log case numbers do not run sequentially. Johns Hopkins University Corporate Security assigns a case number for all reportable									
activities, both crimin	al and non-criminal. Only	y case numbers gen	erated for crimin	nal activity are listed in the crime	log.				
Crimes are listed in ch	 	last 60 days. The m	  ost_recent_crime	s are at the bottom of the last pag	e.				
				T T					
A hard copy of the Cr	ime Log is available at the	e Campus Security	Department, Sha	piro House Basement, during nor	mal business hours (Monday –				
				on received from the Director of					
Office of Institutional Equity, or other University Administrators, who are defined by federal law as "Campus Security Authorities (CSA's)."									
These administrators share non-identifying information, with Corporate Security that is provided by the victim. In these incidents, the crime									
was reported directly to that CSA and not to Corporate Security, therefore, it is not always possible to provide information regarding the five									
areas typically covered in the Crime Log, i.e., Nature/Classification (Crime), Date/Time Reported, Date/Time Occurred, General Location									
and Disposition. Because an official report was not filed, the disposition will be "Closed- Referred to DSA/OIE" or "Closed-No Further									
Action." These incidents are reported to Corporate Security for statistical purposes and are posted to the Crime Log.									
Note: Incidents with a case number that start with "BPD" involve crimes reported directly to the Baltimore Police Department, not to									
Corporate Security. Because an official report was not filed with Corporate Security, the disposition will be "Closed-BPD Investigation."
